In the Amendment filed January 18, 2005, Page 2, line 12, there is no antecedent support for "the upper end of" with respect to the conductive powder element. Also, on page 3, lines 10 and 17, have inconsistent terminology regarding the "end surfaces" and the "end" of the wire. Thus, issued claims 1 and 19 have clerical errors regarding antecedent support for claim terminology.

Please send the Certificate to: Kirk M. Hartung, McKee, Voorhees & Sease, P.L.C., 801 Grand Avenue, Suite 3200, Des Moines, IA 50309-2721.
